 $state\_administratios.$ It is sufficiently known that the management of the state finances from 1875 to 1878 was characterized by the gressest prefligues and characterized by the grosset preligacy and corruption. Money was separadered in more more stune, a great debt was created in direct vallation of the constitutional limitation, and a heavy special ray for state purposes, as tax rever known before, became necessary to preserve the credit of the state and to replace the sums which profligacy, favoritism and prosti-tution of the public service to partisan ends, had wasted. In whose hands and under the rule of what party the revenues thus became

The official reports published by legislative authority show that in 1878, when the present authority show that in 1978, when he present administration assumed the management of state affairs, the dishilities of the state amounted to the great sum of 3737,717. S4, exclusives of accrued interest on outstanding warrants, imported for about \$2 a ton less now than at the accounter of 1888, and 1888.

essity for the increased taxes which the

of \$\$57,228 60 to meet up demonstrates of an proceeding two years. The revenue derived room the four-mill tax for the maning two years amounted to but \$\$70,453 96, a sum less ed this year by American ruskers." various linear is the amount of the linear to the fine of the accounts often which the officers of the administration department had no control, and the expenses of which were increased or d, as the case might be, by the bust tions was overdrawn, no lurther in-

and other ports on the Pacific have also been seemed for the same purpose. Between twenty and thirty of there cossels are expected to arrive before the table shifty of there cossels are expected to arrive before the table shifty of there cossels are expected to arrive before the table shifty of there cossels are expected to arrive before the table July at Portland, yietoria and San Francisco, and laud their rangoes at the statement of the state passed into democratic hands. According to the published reports of 1870, the independence at the stime amounted to \$115,947.

The purpose of the consideration of the family in the fatal illness of the crossident 27. During the next two years it was increased to \$267,380 69, are new by the reports of 1872. The hart two years, under democratic man-agement, ingressed the data to \$596,366 17. Democratic financiering continued during the Democratic Inflatiening continued during the next two years, and a side we first report of 1876, this debt increased is the farther sum of 3008,586 41; and when, in 1878, the democratic party stepped dewn and out, the liabilities of the state aggregatic the mercanes sum of \$737,717 36—an increase during the sight years of democratic management of \$621,885 57.

Here truly was monthly because the second of 1884. The Indians ex-governous the presidency in 1884. The Indians ex-governous the presidency in 1884. The Indians ex-governous the second of the second

the affairs of the state. There was an indebtmills on the dollar, including a one mill tax for the immediate erection and completion of a state tuespe asylum building at Salem, and a a state inexpe system building at Salem, and a half still tax to be applied to the ultimate redamption of outsigniding bonds. From the proceeds derived from this stee and one-half milt tax, sided in higher measure by the billion of the state, treatures, the present officers of the state, upon reduced texation, have not only a state, upon reduced texation, have not only a state, upon reduced texation, have not only paid th'full the gurrant expense of the state government, lot they have exceted an heate asylum beilding at a cost of \$150,000, which is admitted by all who have seen it to be a model in the matter of cost, convenience, appearance and suitability. They have also paid outs tanding warrants to the smount of \$20,337 76, with accrued interest, and have redeemed war bonds to the amount of \$72,921 78 and interest. From the amount derived from the sale of state lands some \$75,000 in look bonds have en redeemed, making an aggregate reduction in the principal of the state debt since Sep-tember, 1880, of \$158,258 78. To this should be added about \$102,000 interest in arrow, paid during the past four years, together with the reduction of \$226,341 19 reported to the legislative assembly of 1980, thus making a total reduction in the state judebtedness during the term of the present administration to the amount of \$486,599 97. All ministration to the state of the state o faul has not been decreased at the experse of another. On the contrary the reduction has been of a genuine character and is due entirely

Much depends upon the legislature. Should

be favorable, the second and a mountainal admits of the profile of the prevailed from 1850 to WANTED ACOMPTENT (LOTHING SALE-1878). In the main it grew son of the unquired, Nord termore lands, Order 1878. -crupations not of all transities of the public service in the state to bring about the chection of Grover to the semile. As Grover's term'is expering now it is not bost to all awrenewal of such noticals to respect hund.

Heretofore Ruse a Last born the great com-partiter of the American wheat glower in the markets of Western Sung. But within a few years Northern Indix indexports I have quantities of wheat to England. The Spectator of April 15th says: It would be intended from of Church Parties of the Taxior St. M. E. Church. destiny if the opening of the Surz canal wire seriously to affect the fogunes of Cauada, yet | that is not impossible. The slap hers of wheat the prey of unworthy men, who had uniformately been entrusted with the administration, is well enough remembered. We are not value of the supert defined ties, and the same of the supert defined ties. tion, is well enough remembered. We are not the intending to go over again the results of the legislative inquisition which showed a degree of malfessance that amounted to systematic robbery of the state during a long at month. It is quite possibly, therefore, the ageneral way a contrast of the management of the state's finances during two periods, that is, during the last administration and the present one. The course of those who are contrast of the capital extension of cultivation in Manitoba. With light regiment in the Puriod. is, during the last administration who are con-present one. The course of those who are con-ducting the democratic converse at the present By the orntors and organs jumbled masses of figures are produced in the effort to show that the officials of the present administration have ngures are produced in the effort to show that the officials of the present administration have pole. The single difficulty with which growers in Northern ludia now have to contend is morit rests with those who in reality wasted collection by countries expunsive, method of militure collection by countries are produced in the effort of the single difficulty with which growers in Northern ludia now have to contend is the above and therefore expunsive, method of militure collection by countries are produced in the effort to the officials of the present administration have collection by country carts and river boats, | Grant oven a slight improvement in internal transit, and England would be fedfrom Indiathe revenues, robbed the state, and created an enormous addition to the importance of the

of accrued inverses off distances of the opening of 1881. The break on English etc., smoonting to nearly \$250,000 more, and the opening of 1881. The break on English inclusive of the Upsatilla war debt of 1877-78. Bessemer pig iron is still greater. The decline of 64 shillings marks a fall of nine shillings OREGON BLOOD PURITY TERM As an office to this quoessor the sum of \$112, since January i. English Bessemer is affored turned over to his quoessor the sum of \$112, since January i. English Bessemer is affored in our markets, says the New York Butletin. 895 64, of which but \$30,308 60 was derived in our markets, says the New York Bulletin, from the regular tax levied to meet the current expenses of the state, the balance being trust the year it sold for \$27 50. Steel rails have number of the state, toe mainteened using trust in the legislature of 1878, which contained a condition about 10 shillings per ton in England and \$5 per ten in the United States. Owing to rms regulation of 120 winds appropriations the duty of \$28 per ton, or 110 per cent, tax on midning to \$439,332 29, including special American consumers, foreign rails cannot as ons of \$33,400, and the further sum present be placed in this market in competition for the meet the deficiencies of the with the home manufactured article. Exclu-

The first national bank of Chicago, whose was, howevery relieved by the sum of \$23,370. It turned over by Tressurer Brown and and part to appropriation, beginner with \$33,370 the lead of the second national bank of Cincinnation of the comprehence of the part of th periods of the transfer of the amount appropriate to the leg-ation of the properties of the parameter of 1890 mergended balances in the various family to the amount of \$37,115 78. nearly 400 of which expire within the next year, it is probable that the example set i Cincinnati and Ch cage will be generally followed.

The flood of Chirese now pouring into the LOCKS, neis of the direct and county courts, and were largely embraced in the transportation and the apport by counted at the indigent poor. Nonu of the apport occurred at the indigent poor. Nonu of the apport occurred at the indigent poor. Pacific coast states is likely to be tremendousreported as chartered at Calcutta to proceed at once to Hong Kong and load Chinese for wors in many cases turned back into the genthia coast, and all steamers available at Callao seal than and thus made muject to inture apand other ports on the Pacific have also been
